## Providing strategic, operational and licensing guidance

Rising Tide offers A to Z liquor license consulting services.

Our team offers unique experience in licensing and advising by providing strategic operational guidance.

From starting your new hospitality venture, to breaking down the regulations, to getting your restaurant or bar full, we can help.

- Over 30 years experience in Canadian liquor licensing
- We work directly with key government departments and participate in policy discussions
- Our team members are specialized in a different liquor policy areas to bring you expert advice, no matter what stage of the hospitality journey you are on

### Liquor Licensing

Whether you need help with an existing Liquor License application, need someone to submit for you, or need to understand how to maximize your licensed areas - we can help.

We have been cutting through the "red tape" of liquor licensing at the local and provincial levels for over 34 years.

### Compliance & Enforcement

We'll audit your existing policies and procedures to ensure you have the best defence of due diligence in cases of compliance or enforcement issues. We then provide a comprehensive report detailing any inefficiencies found during the onsite visit and detail suggestions to resolve any potential issues.

### Business Opportunities

We assist clients with the buying and selling of their liquor licenses, and licensed business. We offer discussions on strategy for the expansion of your business, connections to resources throughout the industry, and introductions to potential partners and operators.
