

Leading businesses trust Abell to protect their brands and their customers.

Abell Pest Control has been providing dependable pest control services to businesses across Canada since 1924. 100 years and four generations later, it's still a family owned business. Customers benefit from the expertise and resources that only the largest Canadian-owned pest control company can provide. Abell is staffed 24/7 and ready to protect and service your business when you need it.

- ▶ Full general pest prevention and control for cockroaches, rats, mice, ants earwigs and more
- ▶ 4-hour emergency response (most locations)
- ▶ Dedicated account managers
- ▶ Service technicians, management and account representatives available 24/7
- ▶ Chain accounts benefit from a dedicated Key Account Manager

Customized programs

Your pest prevention needs are specific to your industry and facility. Abell Pest Control services range from basic pest prevention programs to intensive auditing services that include cutting-edge reporting tools.
